A photograph of a man and a young girl sitting at a table. The man is in the background, looking down at the girl. The girl is in the foreground, looking towards the camera. A lit candle in a glass holder is on the table in front of them. The scene is dimly lit, with the candle providing the main light source. There are some decorative elements on the table, including a glass and a small bowl.

Message from our President

When I am asked how we at GKCEN reach the millions of families with what we do, I am reminded of a wonderful quote by a woman who knew people inside and out, *“Never doubt that a small group of thoughtful, committed people can change the world. Indeed, it is the only thing that ever has.”* Margaret Mead.

At our core we are all a small group of thoughtful, committed people...a group of ONE! When it comes to grassroots initiatives it is true that one person can make a difference. Won't you be ONE with us?

GKCEN works with communities and children's organizations everywhere. Groups of at-risk youth travel to the Magic Castle for a day of fun filled interactive adventure quests threaded with the lifesaving message of how to recognize deceptive behavior in individuals who may want to harm or manipulate them.

At the Magic Castle the cast brings fairy tale classics to life in order to teach sensitive subjects. For instance, in A Good Knight Story, Sir Edward brings the character The Blue Knight to life to teach a message of empowerment and safety to all children and adults who need protection and guidance.

VOLUNTEER ... IMPACT...

- Anyone can make a difference in a child's life.
- Our volunteers range in age from 5 to senior citizens.
- GKCN is a certifying organization through the Points of Light and The President's Service Award.
- Our volunteers earn awards through hours accrued presenting the Good Knight Program.
- Over the years we have refined our program to the point that anyone, anywhere can obtain one of our mentor kits and immediately implement this lifesaving program in their community with ease.
- By viewing the "ABC's of Protection," thousands of children and parents have been saved from the emotional trauma of victimization at the hands of a predator.

In her own words...

"I was so honored to be living in the United States helping an organization that has such a wonderful impact on children of all cultures. The Good Knights make everyone feel safe and welcome."

Sophia West knights Lourdes Montes, an exchange student, who volunteered at GKCN for two years during her graduate studies at UMBC.

Mothers Against Predators Initiative

- Mothers Against Predators, “M.A.P.” since its founding in 2004, has registered over 138,000 concerned citizens across our great nation.
- In 2007, with this grassroots awareness campaign and the dedicated volunteers involved, we have reached over 800,000 youth with the awareness of the ten deceptions criminal predators use to victimize them.

Have **the power** to keep their world safe. You have **the power** to help them do it! They

- Each year, we receive thousands of letters with thanks and inspiration from children, parents and educators telling stories of protection, bravery and increased self esteem in kids.
- Here's one that touched our hearts and quite frankly, keeps us going when times are darkest:

Have **the power** to keep their world safe. You have **the power** to help them do it! They

Message to Our Supporters

Dear Friends,

On behalf of The Good Knight Child Empowerment Network, a 501(c) 3 non-profit organization, we would like to thank you for your generous donation. Your donation is tax deductible to the extent allowed by law. Your generosity helps us continue to educate and protect children nationwide from crime and violence by providing them with lifesaving educational materials. Without generosity from people like you, our quest would be very difficult.

Again, please accept our heartfelt gratitude. This grassroots effort would not have an impact without your help.

Kind regards and warm wishes,

Mary Cascio
